# Eonis 24" (MDRC-2324)

24" clinical display for hospital-wide viewing of clinical data and images

- 24" display for reviewing clinical images
- With front sensor for consistent images
- With remote QA management tools
- Different versions available

This 24" Eonis display has been built with healthcare specialists in mind. It combines consistent, high image quality and an attractive, versatile design with networked quality assurance. It's available in black and white.

### High image quality

The high-quality Eonis display presents sharp, bright images with high contrast and a wide viewing angle. Eonis uses the latest in advancements in LED backlight technology, ensuring a higher brightness that can be maintained over a longer period of time.

The display's unique front consistency sensor ensures fast power-up and continuous luminance stability. The image consistency makes collaboration between

specialists easier. They can discuss images with colleagues at multiple locations,

knowing that everyone is seeing identical images.

#### Centralized quality assurance

Eonis comes complete with Barco's cloud-based QAWeb Enterprise software, an

online service for automated calibration, Quality Assurance and asset management.

Praised in hospitals around the world, QAWeb Enterprise allows healthcare IT and

PACS administrators to centrally and remotely manage image quality across the healthcare organization, at the click of a button.

Smart design, fit for purpose

Eonis 24" (MDRC-2324)

Barco's Eonis display is safe to use in a clinical environment. The multiple mounting options and connections add to the smart design. The display is as high in brightness as it is low in power consumption. The lightweight form factor and packaging help reduce the environmental footprint of this product.

#### **Models**

- MDRC-2324 (Option SNIB): standard brightness, no touchscreen or cover, internal power supply, black
- MDRC-2324 (Option STIB): standard brightness, touchscreen, internal power supply, black
- MDRC-2324 (Option HNIB): high brightness, no touchscreen or cover, internal power supply, black
- MDRC-2324 (Option HTEW): high brightness, touchscreen, external power supply, white
- MDRC-2324 (Option HPEW): high brightness, protective & anti-reflective glass, external power supply, white
- MDRC-2324 (Option HTIB): high brightness, touchscreen, internal power supply, black
- MDRC-2324 (Option HNEW): high brightness, no touchscreen or cover, external power supply, white

| PRODUCT SPECIFICATIONS                  | EONIS 24" (MDRC-2324)   |
|---|---|
| Screen technology                       | LCD   |
| Active screen size (diagonal)           | 609.6 mm (24")  |
| Active screen size (H x V)              | 518.4 mm x 324.0 mm (20.4 x 12.8")  |
| Aspect ratio (H:V)                      | 16:10   |
| Resolution                              | 2MP (1920 x 1200 pixels)  |
| Pixel pitch                             | 0.270 mm  |
